RE: Application for Rezoning - Application No. _____
 Applicant: David Pearson Communities, Inc.
 Property Owners: David Pearson; Mary Margaret Manning,
 Trustee of The MMM Trust, dated
 December 27, 2013
 Property: 21.672 acres, more or less, located at the
 intersection of the northerly and southerly
 sides of Old Alabama Road with the easterly
 side of Maxham Road; the intersection of the
 easterly and westerly sides of Cardell Road
 with Old Alabama Road, Land Lot 145, 201,
 and 208, 18th District, 2nd Section, City of
 Mableton, Cobb County, Georgia

Dear Chris:

The undersigned and this firm represent David Pearson Communities, Inc., as Applicant (hereinafter “Applicant”), and the Property Owners, David Pearson and Mary Margaret Manning, Trustee of The MMM Trust, dated December 27, 2013 (hereinafter collectively referred to as “Owners” or “Property Owners”), in the Application for Rezoning being filed contemporaneously with this stipulation letter. The Application for Rezoning seeks rezoning of property located at the intersection of the northerly and southerly sides of Old Alabama Road with the easterly side of Maxham Road, and the intersection of the easterly and westerly sides of Cardell Road with Old Alabama Road, Land Lots 145, 201, and 208, 18th District, 2nd Section, City of Mableton, Cobb County, Georgia (hereinafter the “Property” or “Subject Property”). The following are agreeable stipulations and conditions, which, if the Application for Rezoning is approved, as submitted, shall

become a part of the grant of the requested rezoning and shall be binding upon the Subject Property. The proposed stipulations are as follows:

- (1) The stipulations and conditions set forth herein shall replace and supersede in full any and all prior stipulations and conditions, in whatsoever form, which are currently in place on the Subject Property; together with any and all prior Departmental Comments and Staff Recommendations submitted by Planning, Fire, Water, Sewer, and Drainage, relating to the Subject Property from any previous zoning actions.
- (2) Applicant seeks rezoning of the Subject Property from the existing zoning categories of R-20 and R-20/Open Space Community ("R-20/OSC") to the proposed zoning category of RA-6, with reference to the Site Plan dated May 15, 2025, and submitted contemporaneously with the Application for Rezoning and this letter of agreeable stipulations and conditions. A reduced copy of the Site Plan is attached as Exhibit "A."
- (3) The Subject Property consists of a total of approximately 21.672 acres of total site area and shall contain a maximum of one hundred six (106) single-family, detached residential homes.
- (4) The proposed residences shall have exterior façades consisting of brick, stone, stacked stone, board and batten, hardi-plank, or combinations thereof, with complementary accents.
- (5) The proposed residences shall have a minimum of 1,800 square feet.
- (6) Applicant agrees to the creation of a mandatory homeowners association consistent with similar upscale communities in the area. The mandatory homeowners association shall be responsible for the upkeep and maintenance of all landscaping and maintenance of common areas, entrance area, mail kiosk, and the like contained within the proposed residential community.
- (7) Additionally, and in conjunction with the creation of the mandatory homeowners association, Applicant agrees to the recording and enforcement of a Declaration of Covenants, Easements, and Restrictions which will contain covenants, rules, and regulations applicable to the proposed development. The mandatory association shall be responsible for the enforcement of the Covenants, Easements, and Restrictions.

- (8) The entrance signage for the proposed community shall be ground based, monument-style signage, and shall consist of brick, stone, stacked stone, stucco, or combinations thereof, with accents, complementary to materials used in the construction of the homes within the community. The entrance landscaping shall be professionally designed and implemented. Maintenance of the entrance area shall be by the mandatory homeowners association as set forth in the Declaration of Covenants, Easements, and Restrictions.
- (9) The setbacks for the proposed residential community shall be as shown on the Site Plan.
- (10) All setbacks, landscape, and buffer areas may be penetrated for purposes of access, utilities, and stormwater management, including, but not limited to, drainage facilities and any and all slopes or other required engineering features of the foregoing. Any disturbed areas must be replanted with like vegetation.
- (11) All designated stormwater management areas shall be fenced with the perimeter landscaped for purposes of visual screening from public right-of-way and adjacent residential properties.
- (12) The mail kiosk shall be constructed and styled to be of a high-quality appearance, including a roof, with materials compatible with those used for the exterior of the residences within the proposed community.

We believe the requested zoning, pursuant to the submitted Site Plan and the stipulations set forth herein, is an appropriate use of the Subject Property while taking into consideration the existing conditions and viable uses of the Property, together with the area neighborhoods. The proposed community shall be a quality development, shall be compatible with surrounding communities, and shall be an enhancement to the Subject Property. Thank you for your consideration in this request.

Tax Parcel Nos.: **18020100030; 18025800020**
18014500010; 18020100040

Zoning Analysis of impact of the proposed rezoning with respect to the following:

- (a) This Application for Rezoning seeks rezoning of approximately 21.672 acres located at the intersection of the northerly and southerly sides of Old Alabama Road with the easterly side of Maxham Road and at the intersection of the easterly and westerly sides of Cardell Road with Old Alabama Road, Land Lots 145, 201, and 208, 18th District, 2nd Section, City of Mableton, Cobb County, Georgia (hereinafter the “Property” or the “Subject Property”). The Property is currently zoned R-20 and R-20 Open Space Community (“R-20/OSC”). Applicant proposes rezoning to the RA-6 zoning category to allow for development of a single-family detached residential community, as more particularly shown and reflected on the Site Plan submitted with the Application for Rezoning. The requested category of RA-6 will permit a use for the Property that is more suitable in view of its location and development of properties in close proximity, and will allow the Property to be utilized to its highest and most reasonable potential. As shown on the City’s Zoning Map, properties immediately adjacent to and in the surrounding vicinity of the Subject Property are zoned for single-family residential purposes. The location and topography of the Subject Property make it uniquely suited for the proposed development; as well as, its location to a major intersection at Old Alabama Road and Maxham Road. The proposed RA-6 zoning classification and development for a detached, single-family residential community would be compatible to surrounding properties and the area as a whole.
- (b) The proposed zoning to the RA-6 zoning classification should have no adverse effect on the existing use or usability of adjacent or nearby properties. The proposed development should have a minimal, if any, impact on surrounding properties, as surrounding properties would be similarly situated with the proposed development. If approved and developed according to the request, the adjacent and nearby property owners would benefit in higher land values.

- (c) The property, as zoned, does not have a reasonable economic use given its location at the intersection of major roads. The proposed RA-6 classification would allow the Property to be developed and utilized to its highest and best potential.
- (d) This zoning proposal will not cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools. Development, as proposed, would have minimal effect on utilities and transportation facilities. The Property has convenient access to the interstate highway and major thoroughfares within the City. Utility upgrades within the area allow for better service to customers, both residential and commercial, within the area. Roadway improvements in and around the Subject Property are ongoing and will ease access and traffic concerns related to the proposed development.
- (e) The zoning proposal is not in conformity with the Future Land Use Plan of City of Mableton; however, changing conditions warrant a revision to the Future Land Use Plan and approval of the Application.
- (f) This zoning proposal is consistent with the current conditions affecting the development of this Property. Improvements to the area roadways and major thoroughfares and interstates have been made in recent years to ease traffic flow in order to accommodate development in and around the Subject Property. The Property is challenging in the fact that past roadway improvements in the area have left remnant parcels, one of which will be dedicated as open space as part of the proposed community. Additionally, a stream traverses the southwesterly portion of the largest tract, together with the location of underground utilities and possible area of rock make the Subject Property extremely challenging and economically unfeasible for development as it is currently zoned.

become a part of the grant of the requested rezoning and shall be binding upon the Subject Property are as follows:

- (1) The stipulations and conditions set forth herein shall replace and supersede in full any and all prior stipulations and conditions, in whatsoever form, which are currently in place on the Subject Property; together with any and all prior Departmental Comments and Staff Recommendations submitted by Planning, Fire, Water, Sewer, and Drainage, relating to the Subject Property from any previous zoning actions.
- (2) Applicant seeks rezoning of the Subject Property from the existing zoning categories of R-20 and R-20/Open Space Community ("R-20/OSC") to the proposed zoning category of RA-6, with reference to the revised Site Plan dated December 11, 2025, last revised January 6, 2026, and submitted to Zoning Staff on January 16, 2026. A reduced copy of the revised Site Plan is attached as Exhibit "A" and incorporated herein by reference.
- (3) The Subject Property consists of a total of approximately 21.672 acres of total site area and shall contain a maximum of ninety-four (94) single-family, detached residential homes.
- (4) The proposed residences shall have exterior façades consisting of brick, stone, stacked stone, board and batten, hardi-plank, or combinations thereof, with complementary accents.
- (5) The proposed residences shall have a minimum of 1,700 square feet.
- (6) Applicant agrees to the creation of a mandatory homeowners association consistent with similar upscale communities in the area. The mandatory homeowners association shall be responsible for the upkeep and maintenance of all landscaping and maintenance of common areas, entrance area, mail kiosk, and the like contained within the proposed residential community.
- (7) Additionally, and in conjunction with the creation of the mandatory homeowners association, Applicant agrees to the recording and enforcement of a Declaration of Covenants, Easements, and Restrictions which will contain covenants, rules, and regulations applicable to the proposed development. - (12) The mail kiosk shall be constructed and styled to be of a high-quality appearance, including a roof, with materials compatible with those used for the exterior of the residences within the proposed community.
- (13) The proposed community shall have private streets.
- (14) Applicant agrees the Declaration of Covenants, Easements, and Restrictions shall include a provision the community streets will remain private, in perpetuity.
- (15) Applicant agrees to establish and fund a separate account for the benefit of the future homeowners association for purposes of future private street maintenance. Prior to approval of the initial final plat, Applicant agrees to perform a third-party street maintenance reserve study, subject to review and approval by the Cobb County Department of Transportation, and Applicant shall fund the private street maintenance reserve fund with the prescribed amount as determined in the reserve study.

- (16) Applicant agrees the construction of the private streets shall be to public street standards with respect to the profile of the pavement sections.
- (17) Applicant shall be permitted to install mountable curb, rather than high-back curb, to provide better aesthetics and less transitions.

We believe the requested zoning, pursuant to the revised Site Plan and the revised stipulations set forth herein, is an appropriate use of the Subject Property while taking into consideration the existing conditions and viable uses of the Property, together with the area neighborhoods. Lynne Cir, Mableton

I want to briefly explain the reasons behind my rezoning request from single-family to duplex. The change will help support the city's goals by adding gentle density, improving housing affordability, and making better use of the existing water, sewer, and road infrastructure. Duplex homes can be designed to match the neighborhood character and will have minimal traffic impact. This rezoning also supports infill development, increases tax revenue for the county, and provides more options for local workforce housing. I'm happy to discuss any details or provide additional information during our meeting. Thank you for your time and consideration.

Strong Reason to Support Rezoning SF to Duplex

1. Consistency with City's Comprehensive Plan

- a. The proposed rezoning aligns with the city's goals for smart growth, infill development, and efficient land use.
- b. Duplexes support moderate-density housing.
- c. The property located within a mixed-use, growth corridor, or residential infill area

2. Supports Housing Affordability

- a. Duplexes create additional housing units without the need to extend major new infrastructure
- b. Helps the city meet affordable housing or workforce housing targets.

3. Efficient Use of Land & Infrastructure

- a. The property already has access to existing roads, water, sewer, so duplex zoning maximizes existing infrastructure.
- b. No need for expensive new public improvements.
- c. Creates more housing without additional burden on taxpayers.

4. Minimal Traffic Impact

Typically within traffic thresholds that do not require major roadway upgrades.

5. Fits With Neighborhood Character

Duplex designs can be made to look like:

Townhomes

6. Economic Benefits to the City

- a. Higher property values mean increased tax revenue.
- b. Supports local construction companies and labor.

7. Better Utilization to Develop Lot

- a. The property has size for, duplex zoning allow more flexibility.
- b. Certain lots are ideal for duplex/two unit structures.

8. Aligns With Market Demand

Current housing demand shows strong interest in:

- i. Duplex units
- ii. Starter homes.

9. City Already Approved Similar Rezones Nearby

New multifamily or higher density developments

10. Improves Community Diversity

Creates a more stable and dynamic neighborhood environment.

“My rezoning request from single-family to duplex brings several community benefits. First, it aligns with the city’s comprehensive plan encouraging smart growth and moderate-density housing within existing serviced areas. The site already has access to utilities and roads, so duplex zoning makes more efficient use of infrastructure without burdening taxpayers.

Duplex homes help address housing affordability. This change supports the city’s goals to increase housing supply, encourage infill development, and grow tax revenue.

Rezoning Request Statement

Property Address: 0 Lynne Cir, City of Mableton

Applicant: Anthony Lim

Thank you for taking the time to meet with me regarding my request to rezone the property located at **0 Lynne Cir, Mableton** from Single-Family Residential to Duplex Residential. I appreciate the opportunity to present the purpose, benefits, and supporting information for this request.

1. Purpose of the Rezoning Request

I am seeking the rezoning to allow the construction of a duplex home that will fit naturally into the existing neighborhood while helping provide additional housing options within the City of Mableton.

The duplex is designed to maintain a residential appearance consistent with the surrounding area, including compatible height, roofline, setbacks, and architectural style.

2. Alignment With the City's Planning Goals

This request supports Mableton's goals for infill development and diversified housing choices.

The parcel at 0 Lynne Cir is suitable for a low-impact duplex because:

- It is located within an existing developed neighborhood.
- The city's planning vision encourages efficient use of serviced lots.

3. Infrastructure, Utilities, and Traffic

The property already has existing **water and sewer lines**, and capacity is expected to be sufficient for the additional unit.

Traffic impact is extremely minimal—only one additional household beyond what is permitted under current zoning.

Stormwater will be managed on-site according to city requirements and best practices.

4. Community and Economic Benefits

Rezoning this parcel will bring several advantages to the community and the City of Mableton:

- Adds a modest, attainable housing option
- Improves the property's tax contribution with minimal cost to the city
- Supports local housing demand and workforce needs
- Encourages efficient use of land and utilities
- Provide more affordable housing

I respectfully request staff support for the rezoning of **0 Lynne Cir** to Duplex Residential and appreciate your time, guidance, and consideration.

Thank you.
